

Performance Summary as of June 28, 2024

The Franklin SG Select Index (“The Index”) seeks to provide stable, consistent returns by implementing a responsive strategy that adapts its exposure to changing market environments. The index combines a robust equity allocation model designed by Franklin Templeton with a proprietary volatility control mechanism engineered by Societe General that acts to further mitigate risk by maintaining an annual volatility of 5%.

Back-tested Performance Analysis

| YTD Return | 1-Yr Return | Annualized Return (12/31/2006 – 6/28/2024) |
|--------------|--------------|---|
| 1.48% | 1.93% | 5.23% |

Back-tested Annual Returns (2007-2024)

Retirement Stages SelectSM 7 with the Franklin SG Select Index 1-Year Point-to-Point w/ 190% Participation (as of 6/28/2024)

| YTD Return | 1-Yr Return | Annualized Return (12/31/2008-6/28/2024) |
|--------------|--------------|---|
| 2.81% | 3.67% | 10.83% |

*This index is used with Term Point-to-Point with Participation Rate, Boost, and Knockout endorsement (ICC23-DLIC-TPTPPART-BKO) which applies controls such as Boost and Knockout Rate not illustrated above.

The inception date of the Franklin SG Select Index is November 13, 2023. Performance shown prior to the inception date is back-tested, meaning that it was derived by applying the index methodology to periods prior to the index inception date and shows how the index might have performed over that time period had the index existed. No investor did or could have achieved the back-tested index performance. Unlike actual performance, the back-tested performance results are hypothetical, based on criteria applied retroactively with the benefit of hindsight and knowledge of factors that may have positively affected the performance, and cannot account for risk factors that may affect actual performance. Back-tested index performance should not be given the same consideration as live index performance. Back-tested index performance does not reflect actual investment results, nor should it be viewed as a prediction of performance in the future but reflects results for a back-tested methodology.

Actual performance will be determined by the index crediting strategy chosen by the contract owner. Index crediting strategies apply additional criteria, such as a Cap, Spread, Participation or Trigger Rate, to actual index performance after the annuity contract is issued. The hypothetical performance shown is for sample index crediting strategies that also include back-tested index performance for any periods prior to the index inception date. It does not represent the performance of a specific product and is for illustrative purposes only. The Cap, Spread, Participation and Trigger Rates used in calculating the hypothetical results may differ from the annuity contract terms if and when issued, and are subject to change by the insurer which could substantially affect the hypothetical results.

It is unlikely that actual index crediting strategies will repeat either actual historical performance or back-tested hypothetical performance. Actual values will vary, perhaps materially, from those shown in the hypothetical examples. Past performance does not guarantee future results.

Franklin and Société Générale

The Franklin SG Select Index (the "Index") is the exclusive property of SG Americas Securities, LLC (SGAS, together with its affiliates, "SG"). SG has contracted with S&P Opco, LLC (a subsidiary of S&P Dow Jones Indices LLC) ("S&P") to maintain and calculate the Index. "Société Générale", "SG", "SG Americas Securities, LLC", "SGAS", and "Franklin SG Select Index" (collectively, the "SG Marks") are trademarks or service marks of SG or have been licensed for use by SG from Franklin Advisers, Inc. and its affiliates ("Franklin"). SG has licensed use of the SG Marks to Delaware Life Insurance Company ("Delaware Life") and sub-licensed the use of certain Franklin marks (the "Franklin Marks") for use in a fixed indexed annuity offered by Delaware Life (the "Fixed Indexed Annuity"). SG's sole contractual relationship with Delaware Life is to license the Index and the SG Marks and sub-license the Franklin Marks to Delaware Life.

None of SG, S&P, Franklin, or other third party licensor (individually, an "Index Affiliate" and collectively, the "Index Affiliates") to SG is acting, or has been authorized to act, as an agent of Delaware Life or has in any way sponsored, promoted, solicited, negotiated, endorsed, offered, sold, issued, supported, structured or priced any Fixed Indexed Annuity or provided investment advice to Delaware Life, and no Index Affiliate makes any representation whatsoever as to the advisability of purchasing, selling or holding any product linked to the Index, including the Fixed Indexed Annuity. No Index Affiliate shall have any liability with respect to the Fixed Indexed Annuity in which an interest crediting option is based on the Index and is not liable for any loss relating to the Fixed Indexed Annuity, whether arising directly or indirectly from the use of the Index, its methodology, any SG Mark, Franklin Mark or otherwise. Obligations to make payments under the Fixed Indexed Annuities are solely the obligation of Delaware Life. The selection of the Index as a crediting option under a Fixed Indexed Annuity does not obligate Delaware Life or SG to invest annuity payments in the components of the Index. In calculating the performance of the Index, SG deducts a maintenance fee of 0.50% per annum, calculated on a daily basis. This fee will reduce the potential positive change in the Index and increase the potential negative change in the Index. While the volatility control applied by SG may result in less fluctuation in rates of return as compared to indices without volatility controls, it may also reduce the overall rate of return as compared to products not subject to volatility controls.

"Franklin," "Franklin Templeton" and its proprietary investment models are trademarks and the intellectual property of Franklin and have been licensed for use by SG as a component of certain index linked products (each, a "Product" and collectively, the "Products").

The Products are not sponsored, endorsed, sold, or promoted by Franklin. Franklin does not make any representation or warranty (express or implied) regarding the Product, the advisability of purchasing the Product, or the use of the Index or any data included therein. Franklin's only relationship to SG is the licensing of certain trademarks and intellectual property or components thereof. Franklin did not have any obligation or liability in connection with the marketing, issuance, or administration of the Product.

A fixed index annuity (FIA) does not invest directly in the stock market or any securities. Instead, the account receives interest credits based on the performance of the interest option chosen.

In certain market scenarios, such as a rising equity market when volatility is high or increasing, reductions in positive performance of a volatility-controlled Index could result in less interest being credited to an Index Account than if the volatility-controlled Index did not use a volatility control strategy that can limit positive performance. Conversely, in a declining equity market, when volatility is high or increasing, reductions in negative performance of the volatility-controlled Index could result in more interest being credited to an Index Account than if the volatility-controlled Index did not use a volatility control strategy. However, in such a declining market, the benefit from the volatility control strategy would be limited by the floor to the Contract. In general, we incur less expense for the hedging transactions we use to mitigate our risk in providing Contract guarantees to you for a volatility-controlled Index than for other Indexes in the Contract.

Products, riders and features may vary by state, and may not be available in all states.

Guarantees are backed by the financial strength and claims-paying ability of Delaware Life Insurance Company (Waltham, MA). Policies and contracts are issued by Delaware Life Insurance Company. Delaware Life Insurance Company is authorized to transact business in all states (except New York), the District of Columbia, Puerto Rico, and the U.S. Virgin Islands.
