

UNINSURED LOSS RECOVERY SERVICE

Crawford Legal Services offers an Uninsured Loss Recovery (ULR) scheme designed to recover shortfalls in commercial litigation, motor, landlord and tenant, construction, education, public services, property, and liability insurance claims.

OVERVIEW

A tried and trusted model that's recovered over £16 million of uninsured losses to date.

Crawford can help you to recover:

Direct costs - repairs, hire and storage

Indirect costs - business interruption, loss of income, etc.

Often up to 100% of uninsured losses

YOUR CHALLENGES

The average shortfall in insurance cover is 40%

62% of companies don't have business interruption cover

Of the top five causes of loss, only one is a strictly no-fault basis

These challenges, coupled with everyday time and capacity pressures, mean that the vast majority of uninsured losses go unrecovered.

OUR SOLUTIONS

Our ULR model applies across a wide range of claims and industry sectors, delivering faster recoveries and maximising your return. Our integrated approach means fewer working days to recovery – and both adjusting and legal fees can often be recovered.

Free liability assessments

Quick and accurate MI and KPI reporting
