

Getting started with edjuster

What to expect during our valuation of a contents loss

Your client has experienced a devastating loss to their home and personal property.

What happens now?

Go to edjuster.com to submit a claim. Our team of wildfire loss and damage experts will begin the valuation process.

edjuster offers specialized services to assist with the arduous task of reconstructing a detailed inventory of your client's home and assessing the value of contents. Regardless of whether your client has insurance coverage, edjuster minimizes the effort, while expediting the process to maximize compensation – a process leveraging professional reports that have a proven track record in court.

We achieve this in four ways:

- Seamless valuation process, vastly reduced effort for the homeowner
- Accurate, professional reports, accepted by the courts
- Experienced team to expedite the process and maximize compensation
- Professional, well-organized and managed process

edjuster minimizes the client effort, while expediting the process to maximize compensation

Expertise in Wildfire Claims

- Over ten years of experience handling complex wildfire cases
- Resources to provide both contents and structural valuations
- Ability to value all vehicles including collectible cars, powersports, boats & heavy equipment
- Detailed reporting with fully documented substantiation
- Experience capturing contents not covered or in excess of limits to maximize compensation
- Over two decades of experience compiling contents lists and valuing simple to complex item

How We Help

- Provide a dedicated email address and telephone number so you can reach our specialized wildfire team easily
- Work cooperatively with your law firm to ensure all of your client's needs are met
- Present professional valuation reports to include with the demand
- Opportunity to choose RCV or FMV replacement reports
- Provide tools for client's who are struggling to create their inventory list independently
- Ability to meet virtually with the client to assist with creating an inventory list
