

The scale & complexity of large, high-impact commercial loss

Meeting the world's most
challenging claims head-on

When major losses occur, you need the top adjusting team ready to take action. Crawford Global Technical Services® (Crawford GTS®) is the largest and most experienced team of strategic commercial loss managers and technical adjusters in the industry. With knowledge that runs deep and wide in multiple sectors, we have the capacity to select a team of GTS adjusters best suited to manage each claim. We mitigate losses and get you back to business quickly, with a claims management strategy that covers business continuity and efficient reporting.

When you partner with GTS, you can count on: A dedicated team you can trust. We employ more senior technical adjusters than any other independent adjusting resource in the world, covering every industry and every geographic region, with a deep bench of talent with varied expertise.

You can count on our team to be your dependable guide, helping navigate the challenges and intricacies of your specific situation. Whether a broker, carrier, or risk manager, we keep you informed on a claim's status with a regular cadence of accurate information. Our seasoned leadership and fresh thinking drive our effective and efficient claims resolution process.

- MARINE & INLAND MARINE
- MULTINATIONAL CORPORATES
- POWER AND ENERGY
- PROFESSIONAL SERVICES
- PUBLIC ENTITY & INFRASTRUCTURE
- REAL ESTATE
- RETAIL / WHOLESALE DISTRIBUTION
- TECHNOLOGY
- TRANSPORTATION

Priority attention

When a major claim event occurs and disrupts business, responsiveness matters. Crawford GTS team is there to answer questions, listen to needs, understand your loss, learn priorities, interpret the claim, and stand by you right through to resolution.

Superior claims handling

Large commercial losses involve multiple stakeholders and detailed processes. This means coordinating many moving parts, often over months of time. **Through our proven methodology and experience, we guide you through the maze of complex claims handling while keeping you fully involved and informed.** This includes triaging damage, scoping losses, identifying and mobilizing resources, communicating with multiple parties, and driving processes.
