

# Commercial claim solved quickly

## CHALLENGE

The owner of a 32,000-square-foot commercial warehouse in Kansas filed a claim with a top five insurance carrier after the roof of the building was damaged by wind and hail.

## SOLUTION

Contractor Connection assigned a contractor for the loss, and the contractor made contact with the business owner, inspected the site and provided an estimate, all within 48 hours of receiving the assignment. Contractor Connection's customer service team monitored the restoration process from start to finish.
