

# Drones provide quick relief

## CHALLENGE

Hurricane Harvey unleashed torrential rainfall that devastated Houston communities, leaving many adjusters unable to access roads due to closures.

## SOLUTION

Crawford relied on WeGoLook's fleet of drones to quickly and accurately capture aerial damage. These images were then routed directly to Crawford's onsite personnel for evaluation and processing.

### INDUSTRY

Residential insurance

### LOCATION

U.S.A.

### CLAIM TYPE

Hurricane damage

## RESULTS

40%

reduction in claims processing

30%

cost savings
