CTR8500/ 8300

System Overview E-learning course
TRN-CTR8583-OVIEW-E

Course Specifics

Duration: Self-paced e-learning (~1hours)

Delivery Format   eLearning

Online Training

Course Description

The CTR8540/8300 System Overview course provides students with an overview of the basic features, equipment configuration and functionality for the CT8540/8300. Successfully completing a short assessment at the end of the course will provide students with credentials necessary towards the Aviat Network Associate certification level.

Target Audience

This course is intended for entry level personnel requiring a working knowledge of CTR radio concepts

Prerequisites

- No technical knowledge prerequisites are needed.
- PC with Internet access, Internet browser software, access and subscription to AviatCare LMS.

Objectives

Upon successfully completing this course, participants will be able to:

- Understand the different network elements which are incorporated in the CTR radio
