
Aviat Certified Operations Specialist (ACOS) Certification Exam – APRISA SR/SR+ TRN-ACOS-EXAM-X

Course Specifics

Duration:	Self-paced online assessment
Delivery Format	Online

Description

The Aviat Certified Operations Specialist Certification – Aprisa SR / SR+ Exam covers the assessments focused on developing skills required for installing, operating, and maintaining the Aviat Aprisa SR/SR+ microwave radio. This certification is a specialized track targeted at installers working with Aviat Aprisa SR /SR+ products and builds on the foundational product knowledge provided by the pre-requisite Aviat Networks Associate track.

Upon successfully passing the assessment, the student will be certified as an Aviat Certified Operations Specialist (ACOS) on Aprisa SR / SR +.

Target Audience

This exam is intended for individuals requiring ACOS certification for Aprisa SR/ SR+

Prerequisites

- Aviat Network Associate Certification and completed Aprisa SR/SR+ ILT or Virtual or e-learning Library Installation, Operation, and Maintenance course.
- PC with Internet access, Internet browser software, and access and subscription to AviatCare LMS

Objectives

Upon completing this course, participants will be able to:

- Demonstrate installation best practices and specialized installation-related skills for the Aprisa SR /SR + platforms
- Demonstrate specialized knowledge in the configuration, operation, troubleshooting, and maintenance of the Aprisa SR / SR + microwave radio.

Assessment

Completing and passing the assessment validates the students' knowledge and will provide students with the credentials necessary for the Aviat Certified Operation Specialist certification level for the Aprisa SR/SR+ radio.

Compliance

Upon successfully passing the re-certification exam, the individual is certified for 3 years. To renew, the individual must complete the recertification examination before the current certification expiration date.
