## APRISA SR+ E-Learning Library

Self-paced online content for Aviat Networks Aprisa SR +  
TRN-APRISA-SR+LIB-E

---

### Course Specifics

Duration:	Self-paced e-learning
Delivery Format	E-Learning
Materials provided:	NA

### Course Description

**The Aprisa SR + E-Learning Library is our collection of E-Learning Modules and videos that** provide students with an overview of the basic features, equipment configuration, and functionality for the Aviat Aprisa SR + radio.

### Target Audience

This course is intended for individuals requiring knowledge of Aprisa SR+ radio concepts.

### Prerequisites

- No technical knowledge prerequisites are needed.
- PC with Internet access, Internet browser software, access and subscription to AviatCare Educate LMS.

### Objectives

Upon successfully completing this course, participants will be able to:

- Understand the different network elements which are incorporated in Aprisa SR + radio platform.
- Understand Installation Best Practices for the Aprisa SR + radio platform.
- Understand Radio Link Configuration and Monitoring for the Aprisa SR +radio platform.
- Understand Carrier Ethernet Configuration and Operation for the Aprisa SR + radio platform.

## Learning Path Content \*

- Aprisa SR+: System Overview – E-Learning
- Aprisa SR+: Module 1\_ Introduction and Overview Part 1 – E-Learning
- Aprisa SR+: Module 1\_ Introduction and Overview Part 2 – E-Learning
- Aprisa SR+: Module 2\_ Product Introduction and Applications – E-Learning
- Aprisa SR+: Module 3\_ Radio Hardware and Architecture – E-Learning
- Aprisa SR+: Module 4\_ Wireless Network Protocols – E-Learning
- Aprisa SR+: Module 5\_ Radio Configuration Part 1 – E-Learning
- Aprisa SR+: Module 5\_ Radio Configuration Part 2 – E-Learning
- Aprisa SR+: Module 6\_ Bench Testing – E-Learning
- Aprisa SR+: Module 7\_ Network Planning – E-Learning
- Aprisa SR+: Module 8\_ RF Planning – E-Learning
- Aprisa SR+: Module 9\_ Installation and Commissioning – E-Learning
- Aprisa SR+ Module 10\_ Performance, Monitoring, and Maintenance Part 1 – E-Learning
- Aprisa SR+ Module 10\_ Performance, Monitoring, and Maintenance Part 2 – E-Learning
- Aprisa SR+: Module 11\_ Serial Configuration and Monitoring – E-Learning
- Aprisa SR+ Module 12\_ Supervisor Advanced Layer 2 and Layer 3 Configuration
- Aprisa SR+ Module 13\_ QoS Configuration
- Aprisa SR + Module 14\_ CLI
- Aprisa SR + Module 15\_ SNMP NMS
- Aprisa SR + Module 16\_ RADIUS
- Aprisa SR + Module 17\_ Alarm Inputs and Outputs
- Aprisa SR + Module 18\_ Introduction to L2 Filtering
