

CRYOSAVERS™

Ready-to-use Cryogenic Vials

Now with an
improved
vial design!

CryoSavers™ is an easy, safe, and convenient way to store organisms at ultra-low temperatures for future use.

Archivable

Each vial includes a unique barcode and number for accurate sample identification.

Make your mark

Large writing surface for sample identification.

Volume reference

Printed graduations for accurate measurements.

Our innovative screw caps help eliminate leakage and contamination

All caps include a TPE co-molded seal, which gives one of the best closures available in cryostorage vials. This molding process helps eliminate the risk of sample loss and contamination commonly associated with o-rings.

Easy Storage

Durable storage container protects the vials and saves space in the freezer.

Description	Pack	Beads	Cat. no.
Brucella Broth with 10% Glycerol, 1.2ml fill in a 2ml Cryovial, natural cap	100/pk	Yes	CS100B
Brucella Broth with 10% Glycerol, 1.2ml fill in a 2ml Cryovial, natural cap	100/pk	No	CS100BNB
