Pro-Fit™ Concealment Holster - Allusion™ Series

GET THE BEST OF BOTH WORLDS

Bianchi's Allusion™ series combines the rich look of the finest handcrafted leather with today's thermoformed synthetic technology to achieve the best in long lasting beauty, fit and function.

Premium grade vegetable tanned cowhide coupled with our hand-rubbed natural oil finish for a lustrous look. Black is vat-dyed for deep color. The study, thermoformed interior liner offers increased firmness compared to leather alone, providing a quick and seamless draw.

The Bianchi Allusion series brings you the best of leather and synthetic materials providing superior performance and good looks.

GRIP LOCKING SYSTEM: The Grip Locking System is secure and drawing from the holster is intuitive – the firearm is released as part of the natural drawing motion when the middle finger depresses the GLS lever.

FEATURES:

- GLS™ Retention secures the firearm and releases easily and naturally with a proper shooting grip using the middle finger as you draw
- Premium full grain exterior leather with laminate synthetic liner
- Optic capable
- Low-profile, contoured body-hugging design
- Dual belt slots fit up to 1.5" (38mm) belts for snug fit
- 6 sizes fit over 250 firearms, adjustable for customized fit
