Shenandoah™

Color Options:  

A Fully Convertible, Dual Carry Holster (IWB & OWB)

GET THE BEST OF BOTH WORLDS

The Shenandoah™ is an IWB (inside-the-waistband) or OWB (outside-the-waistband) configurable, dual carry style holster. The all-in-one design can easily switch to carry preference in seconds. Crafted with a premium full grain leather exterior and suede lined, precision molded interior for a secure fit that won't tarnish the firearm.

Preconfigured for IWB carry, the over-the-belt clips enhance concealment, improve wear comfort, and allow easy installation or removal from the waistline when needed.

The Shenandoah features an internal Primary Retention Device providing passive retention with tactile and auditory engagement when properly holstering the firearm.

FEATURES:

- Red Dot Sight Compatible
- Easily converts between IWB and OWB carry with a standard Phillips Head screwdriver
- Primary retention device (PRD) engages with the trigger guard to provide added retention.
- Full grain leather exterior available in both black and tan.
- Injection molded back enhances comfort and improves firearm fit and feel when holstered or drawn.
- Dual outboard, IWB clips secure the holster in appendix or strong side wear locations ideally paired with any rigid 1"-to-1-3/4" leather or EDC style belt.
- Dual OWB loops secure the holster to the belt in various wear positions.
