Is your room ready for the product?

HOW YOUR FURNITURE IS MEASURED

Your furniture is measured by length, width, and height (as seen below) to determine how much floor and wall space your new furniture will occupy.

MEASURING FOR YOUR FURNITURE ARRIVAL

Measure the diagonal depth and width of the furniture (as seen below) to determine if it will fit through your home's entryways.

Length **L** must be less than entryway dimension **1**, stairway dimensions **5, 4, & 3** and all interior doorways **7** or **8**.

Diagonal depth **DD** must be less than the entryway dimension **2**, stairway dimensions **5, 4, & 3** and all interior doorways **7** or **8**.
