Acer PM1 Series

Portable Display

In meetings, in the classroom and anywhere in between, Acer's PM Series portable monitor is the go-to choice for people on the move! Just fire it up and enjoy High-Definition entertainment—anywhere! Its accurate, vivid colors come to life from any viewing angle on the 15.6" IPS display that features Full HD (1920x1080) resolution. Its slim design (0.52") and ultra-light weight (1.43 lbs.) allows it to easily fit in your laptop bag! Perfect for use as a secondary monitor for dual-monitor presentations, it's powered by a single USB Type C cable, giving you the freedom to connect it to your laptop, smartphone or tablet—quickly and easily! Get fast refresh rates thanks to the Adaptive-Sync Support product that matches the refresh rate of your monitor with your graphics card.. Smooth, tear-free gameplay!! And a whole lot more.

Features

Ultra-Slim Portable Design

Get outstanding portability with an ultra-light, ultraslim PM1 Series monitor. At just 1.43lbs and only 0.52" thin, the 15.6" display slides easily into bags and can accompany you everywhere. It's ideal for use on the go, takes up minimal desk space, and is perfect for use as a secondary monitor during presentations.

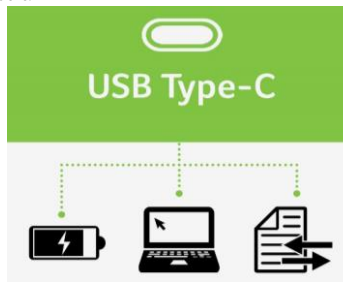

Mini HDMI

The side-mounted Mini HDMI port allows for easy access and device setup—while connecting to your digital camera or other devices with its much more convenient, smaller form factor.

Adaptive-Sync Support

Get fast refresh rates thanks to the Adaptive-Sync Support product that matches the refresh rate of your monitor with your graphics card. The result is a smooth, tear-free experience in gaming and video playback applications.

Clutter-Free Usage

Declutter your life and keep things simple with this single-cable solution. One USB-C cable hooks up your PM1 Series display to a laptop, sharing your display and transferring data while also supplying power. With this super-handly cable, you can also connect to your smartphone or tablet

Vibrant Images

Crisp, true-to-life colors come alive in Full HD 1080p resolution. Movies and games appear more real and dramatic, and small details and text are clear with 1920 x 1080 resolution in a 16:9 aspect ratio.

Wide Viewing Angle

Easily share what's on your screen with clients, family and friends as colors stay true at wide viewing angles of up to 170° thanks to IPS panel technology.
