

Delivery Instructions

Urban Island Grill Cart

Urban Island Grill Carts

1. LP gas tanks are not included on LP grills and Gas lines are not included for Natural Gas Grills.
2. Grill carts will be delivered by common carrier to the curb at the end of the driveway.
3. Delivery does not include any assembly or set up of the grill cart or removal of packaging materials. Please check with your local subdivision or local municipality for any delivery restrictions.
4. The local carrier will call you to schedule a delivery appointment.
5. Upon delivery please inspect your items and note any damage to the box or product. If you refuse the delivery due to damage please note the damage on the **Proof of Delivery** receipt and give to the driver.

Installation

1. Check with local building departments for codes regarding proper hook-ups.
2. For Natural Gas Grills- a licensed plumber should size the natural gas lines. A 3/8" female flare fitting is needed to connect to the barbecue. You will need a shut-off valve for your gas line.
3. Gas line stub ups cannot be higher than 6".
4. We recommend that your shut off valve gas be hooked up by a licensed contractor. This is the buyer's responsibility and should not be scheduled the same day as delivery.
5. **Please sign below and fax to 909-770-8627 so we can process your order immediately**
