200-word description: English	<p>Precision, refined to an art. Art, perfected to a masterpiece. A masterpiece, engineered to the finest detail. Behold the power of the new 2021 VIZIO OLED TV. In the realm of picture quality, contrast is king, and VIZIO OLED has unprecedented contrast that is truly infinite, with pixels that reach perfect black. Movies are transformed by this pure pixel perfection, while sports are clearer and more engaging. The intense OLED Ultra Color Spectrum® brings more than one billion authentic colors that are even more spectacular against absolute black. Dolby Vision and HDR10+ high dynamic range reveals details you've never seen before in streaming content from Netflix, Vudu, Prime Video, Disney+, and more. The revolutionary IQ Ultra™ processor achieves ultimate picture performance with the power to fine-tune individual pixels and upscale entertainment to stunning, lifelike 4K quality. The all-new ProGaming Engine™ makes Xbox One and PlayStation gameplay more responsive, with Variable Refresh Rate* (40Hz-120Hz) that matches a game's framerate to the TV's refresh rate for smoother visuals and more immersive play. HDMI 2.1 connectivity assures the highest performance from 4K entertainment devices, with the bandwidth to support 4K video at 120Hz. Beautiful from every angle, the TV flaunts a bold bezel-less esthetic that tapers to an unbelievable 4mm. The enhanced SmartCast™ platform lets you stream, control and share content as never before. VIZIO OLED also pairs seamlessly with Siri, the Google Assistant and Alexa-enabled devices, so you can control the TV using just your voice. Explore infinite contrast. Feel every pixel. Experience a new reality. This is the wonder of VIZIO OLED.</p>
