

Mug Rack

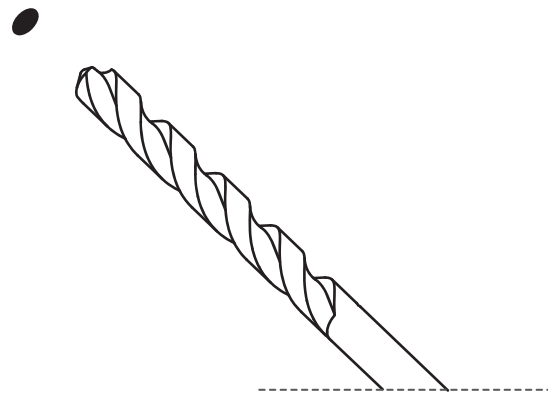

Handcrafted antique black carbon structured steel

Care Instructions: Clean with a damp cloth.

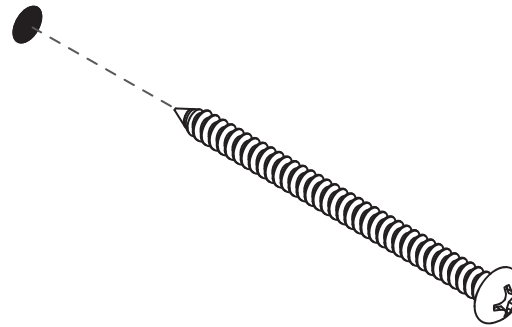

Comes fully assembled.

- 1 Position rack to wall, ensure rack is level. Mark pilot holes **(IT IS BEST TO ATTACH MUG RACK TO WALL STUDS)**.

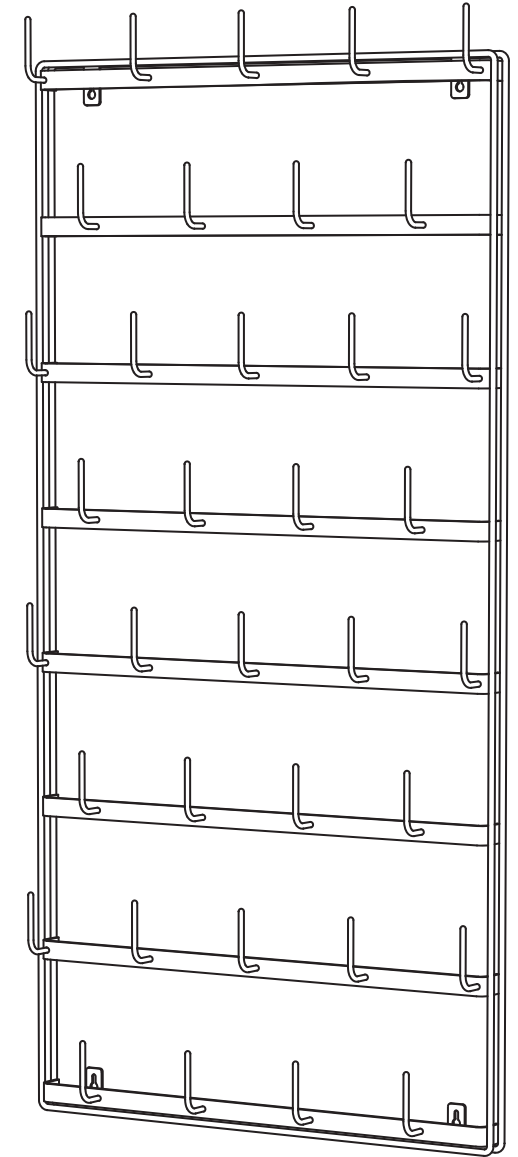

- 2 Place rack on ground. Drill pilot holes in wall using the marks.

- 3 Screw hardware into drilled holes **(HARDWARE NOT INCLUDED)**.

If wall studs is not an option then we suggest using drywall toggles, so rack is secure.

- 4 Hang rack securely to screws.
