

QD7

SERIES

AVAILABLE SIZES

55"

Hi QLED

fire tv

Product appearance may vary by screen size.

The Hisense QD7 Series gets you in on all the action. Hi-QLED Color delivers natural, accurate and realistic color on your screen, making your favorite games, shows and movies feel even more real. Dolby Vision HDR and Dolby Atmos immerse you in a world of dynamic images and all-encompassing sound, so you can see every blade of grass and hear every call of the ref.

Hi-QLED Color

Hi-QLED technology makes every shade, scene and skin tone look true-to-life, rendering every scene convincingly real, just as the creator intended.

Game Mode Plus

Upgrade your gaming with Game Mode Plus. With VRR and ALLM, the 60Hz panel keeps input lag low and the action fluid, making the gameplay feel smooth and natural, so even casual sessions feel clean and responsive.

Dolby Vision · Atmos

Great viewing isn't just about what you see. Powerful audio and a stunning display come together here to create something genuinely immersive—the kind of experience that makes it hard to look away, or turn down the volume.

AI Picture

Advanced AI processing analyzes content scene by scene and automatically optimizes brightness, contrast, and color for a clearer, more natural image. Whether you're streaming shows, watching sports, or gaming, the picture adjusts in real time to look its best without manual settings.

Glare-Free

Advanced screen treatment minimizes glare from lamps and windows, so daytime sports stay visible, late-night movies stay immersive, and gaming remains clear from almost any seat in the room.

Total HDR Solution

Advanced HDR formats (Filmmaker Mode, Dolby Vision, HDR10+ Adaptive) preserve creative detail and dynamically adjust brightness based on both content and room lighting. Enjoy deeper contrast and refined highlights that bring movies closer to a theatrical experience.

AI Smooth Motion

Motion enhancement technology reduces blur and sharpens fast-moving scenes, keeping action crisp and easy to follow. From live sports to action movies and gaming, fast transitions stay smooth and comfortable to watch.

Fire TV

Get right to the good stuff. Fire TV puts your favorite apps front and center on one main home screen. So you can quickly find shows, movies, and live TV you love without the endless scrolling.
