

**WARNING:**

This Quick Start Guide is not a substitute for reading and following the operator's manual. To reduce the risk of serious injury, user must read and understand the operator's manual before using this product.

**QUICK START GUIDE****YF56vRX-RER38-Li50 RIDING LAWN MOWER****OPERATING THE RIDING MOWER:**

- ① Connect the battery and test safety interlock system. See page 17&20 for details.
- ② Adjust seat to desired position. See page 22 for details.
- ③ Verify battery charge level. Charge if needed. See page 19 for details.
- ④ Raise the mower deck to its highest position.
- ⑤ Insert start key and turn to ON position.
- ⑥ Release the parking brake: depress and release the brake pedal. See page 22 for details.
- ⑦ Place direction control switch in forward (F) position and drive to desired mowing location.
- ⑧ Stop the mower, turn key to OFF position, and set the parking brake. See page 22 for details.
- ⑨ Lower cutting deck to desired position.
- ⑩ Turn start key to ON position and release parking brake.
- ⑪ Raise blade engage knob to activate blades and press accelerator pedal to mow as desired.

**REVERSE MODE OPERATION:**

- ① Depress the brake pedal and bring the mower to a complete stop.
- ② Push blade engage knob down to turn blades off.
- ③ Place direction control switch in reverse (R) position.
- ④ Press the reverse mode button.
- ⑤ Raise the blade engage knob, slowly press accelerator pedal, and reverse mow as needed.

**WHEN MOWING IS COMPLETE:**

- ① Stop mower on a flat, level surface. Do not stop the mower on a slope.
- ② Push the blade engage knob down to turn blades off.
- ③ Place the direction control switch in the neutral (N).
- ④ Set the parking brake.
- ⑤ Turn the start key OFF.
