Acer® Nitro Monitor

XZ340CUR X0bmiiphx

Model	Acer Nitro XZ340CUR X0bmiiphx 34" Curved UWQHD Gaming Monitor
MSRP	\$299.99
On-Shelf Date	August 1, 2025

### Curved to Perfection

Acer's Nitro XZ340CUR 34" curved panel monitor with Ultra Wide QHD resolution delivers the incredible. Through AMD FreeSync Premium technology, the game's frame rate is determined by your graphics card, not the fixed refresh rate of the monitor, giving you a serious competitive edge. Smooth, tear-free gameplay! Crisp, true-to-life colors come alive with the amazing 3440 x 1440 resolution, allowing you to enjoy High-Definition entertainment in the comfort of your home. The wide view angle technology lets you share what's on your screen with friends and family as colors stay true no matter what angle you're viewing from. Incredible 100,000,000:1 contrast ratio and rapid response time ensure your games, work and movies are smooth and look as epic as possible.

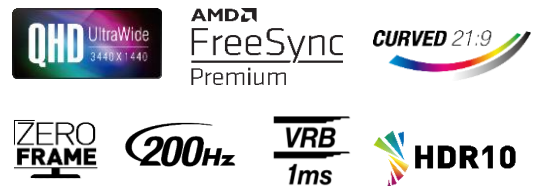

#### High Level Specifications

- 34" UWQHD (3440 x 1440) 1500R Curved Widescreen Display
- AMD FreeSync Premium Technology
- **Response Time:** 1ms (VRB)

- **Ports:** 1 x Display Port 1.4, 2 x HDMI 2.1 Ports & 1 x Audio Out

#### What's in the Box

- Display, Stand, Power Cord, HDMI Cable and Display Port Cable

#### Key Features

#### Web Description

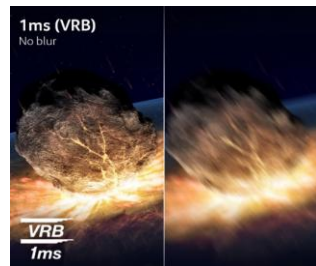

Acer Nitro XZ340CUR X0bmiiphx 34" 1500R 21:9 Curved QHD (3440 x 1440) AMD FreeSync Premium Gaming Monitor, 200Hz Refresh Rate, 1ms (VRB), sRGB 99%, VESA Mounting Compliant (1 x Display Port 1.4 & 2 x HDMI 2.1 Ports)

#### Features

#### Vibrant Images

The Nitro XZ340CUR 34" Curved Display with QHD (3440 x 1440) resolution offers the sharpest picture quality and provides a perfect picture with a broader view. The zero-frame design does away with the thick frames found on conventional monitors freeing up precious screen space so you have more to look at from edge to edge.

#### Responsive!!

Fast response time of 1ms enhanced gamers' in-game experience. No matter the fast-moving action or any dramatic transitions will be all rendered smoothly without the annoying effects of smearing or ghosting.

#### AMD FreeSync Premium Technology

Say "goodbye" to stuttering and tearing. With AMD FreeSync Premium, the monitor's frames are synced with the graphics card's frames, which eliminates screen tearing and provide the smoothest gaming experience.

#### HDR Ready

HDR is a display technology that creates deeper levels of black and white contrast, giving you a greater level immersion through realistic image recreation. The Acer Nitro XZ0 series of HDR displays support the HDR10 format.

#### 200Hz Refresh Rate

The 200Hz refresh rate speeds up the frames per second to deliver ultra-smooth 2D scenes. With a rapid refresh rate of up to 200Hz, Acer Monitors shorten the time it takes for frame rendering, lower input lag and provide gamers an excellent in-game experience.

#### Curved Screen

The 1500R curved 21:9 display wraps you in a world of entertainment with every corner of the screen at the same distance from your eyes for a uniform viewing experience without blind spots. Tilt the screen -5 to 20 degrees for the most comfortable view.
