

ICESHIELD™

PREMIUM ICE MELTER

INSTRUCTIONS FOR USE: Remove accumulated snow prior to applying ICESHIELD™. Open bag and evenly spread contents on the target area at a rate of ¼ cup (50 grams) per sq. meter. Once ICESHIELD™ has broken the bond of the ice from the surface; remove slush and ice (Avoid piling treated snow, and over application on or near vegetation, as this may cause damage to plant life). Re-apply as necessary for thick ice packs. ICESHIELD™ can also be applied prior to a storm event as a preventative measure as well. Simply apply at the above rate just prior to or at the beginning of freezing rain, snowfall, sleet etc.

WARNING: DO NOT USE ON CONCRETE THAT IS LESS THAN 12 MONTHS OLD, COLORED, PATTERNED OR PRE-CAST.

The freeze/thaw cycle exerts stress on porous concrete surfaces and naturally creates the risk of chipping, cracking and flaking. The use of ice melting products such as ICESHIELD™ increases the frequency of the freeze/thaw cycles and risk. You may reduce the risk by removing slush from concrete surface promptly after use. Use ICESHIELD™ at your own risk. Keep ICESHIELD™ out of reach of children.

FIRST AID: Seek medical assistance if any irritation starts to develop.

Eye Contact: Wash eyes with plenty of water for 15 minutes, removing eye glasses or contact lenses first, lifting eyelids occasionally.

Skin Contact: Wash exposed area with soap and water.

Inhalation: Move to fresh air, may cause irritation to the respiratory tract.

Ingestion: Give 3-4 glasses of water. If vomiting occurs, give fluids again. Get medical attention, as evacuation of the stomach may be required.

INGREDIENTS: NaCl, Gen3 Runway De-Icer®, X-35 Corrosion Inhibitor™, Calcium Magnesium Acetate

Tillsonbrands™ manufactures high quality products warranted for defects in material and workmanship. No warranty is expressed or implied regarding the use of ICESHIELD™ products. The manufacturer, distributor, wholesaler or retailer does not accept responsibility arising from the use of ICESHIELD™ products on a person or property as its proper use cannot be controlled or monitored.
