USE

TITLE

Twinkly Strings USB-C, Stars, 200 RGB LEDs, 12m / 40 ft, Green Wire, Indoor Decorative Lighting

DESCRIPTION

Twinkly Strings USB-C Stars bring magic to any space with star-shaped lights and a portable, lightweight design that set a playful scene and ignite a galaxy of stellar effects.

The Twinkly app maps lights into screen-like displays, allowing you infinitely personalize and create your own effects that play in over 16M colors with extraordinary vibrancy. Group any Twinkly lights for seamless synchronization.

*Power supply sold separately

FEATURES

Strings USB-C offer the ultimate portability thanks to the lightweight design and USB-C power connection. The star-shaped lights add a playful and imaginative touch especially in children's rooms.

Instantly configurable via Bluetooth® and Wi-Fi, the app uses your smartphone camera to position each LED on a virtual map on your screen, allowing you to play infinite personalized effects on your mapped lights and even draw your own.

Lights shine with extraordinary vibrancy and brightness using a color palette of over 16 million colors to create an ambience that matches your personal style.

Seamlessly group and map with other Twinkly lights for larger, synchronized displays. Use with Twinkly Music and watch lights dance in real time to your favorite songs.

Connect with Amazon Alexa and Google Home for hands-free voice control.

HIGHLIGHTS

- Lightweight and portable, USB-C powered design
- Exclusive mappable LEDs give you complete control of your lights no matter how you hang them
- Available in 4 magical shapes
- App-controlled for limitless creativity and customization_
- Map multiple Twinkly lights together for synchronized displays
