GCAL Grading Standards

This item of diamond jewelry was examined by GCAL's senior professional gemologists to ensure that it meets the most exacting standards and strict quality parameters. GCAL tested all aspects of this jewelry item, including: verification of the precious metal content by XRF technology, verification of the natural origin of all the diamonds, and thorough grading of the 4Cs. All diamonds have been evaluated in their mountings and only to the extent that the mounting permits examination.
