The gemstone described in this Identification Report ("Report") has been identified, authenticated, graded, tested, analyzed, examined and/or inscribed by International Gemological Institute (IGI). IGI employs and utilizes those techniques and equipment currently available to IGI including, without limitation, 10x magnification, corrected triplet loupe, stereo zoom binocular microscope, refractometer, spectrometer, polariscope, noncontact optical measuring device, and such other instruments and/or processes as deemed appropriate by IGI. This Report includes advanced security features. A duly accredited gemologist or jeweler can advise you with respect to the importance of and interrelationship between cut, color, clarity and carat weight.
