

# 57 QUART UNDERBED STORAGE INSTRUCTIONS BOOKLET

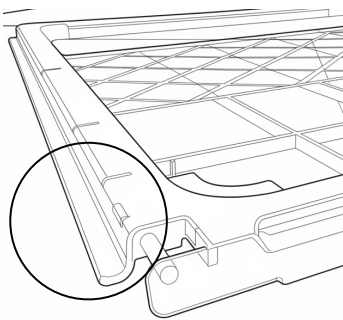

## How to Install the Lid

The lid attaches using Hinge Tabs on the lid and Hinge Channels on the container.  
For best results, fully secure one side before attaching the other side.

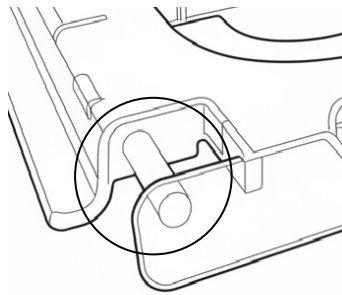

## Before You Begin

Identify the components before installation

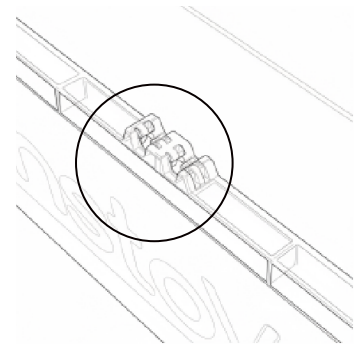

Lid 1 (Stepped Edge)

Hinge Tab

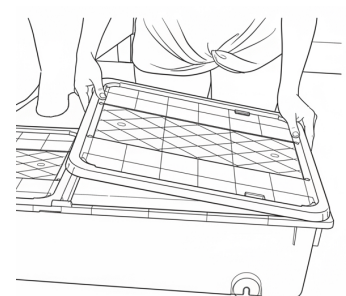

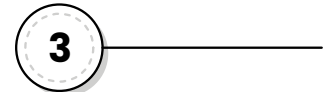

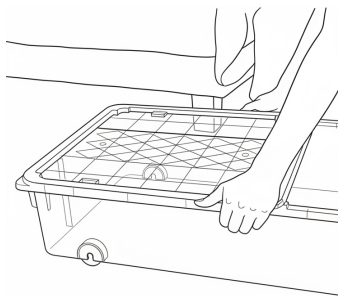

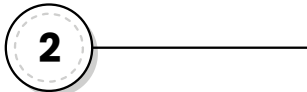

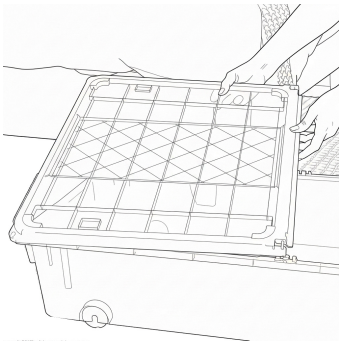

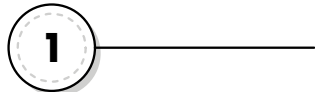

Hinge Channel

## Step-by-Step Instructions

Place the container on a firm, flat surface while attaching the lids.

### Line Up the Lid

Place Lid 1 on the container so the Hinge Tabs are positioned directly above the Hinge Channels.

### Snap One Side First

Press straight down firmly on one side until the remaining tabs snap into place

### Snap the Other Side

Press firmly straight down on the opposite side until the tabs snap into place, then press all four corners and run your hand around the edge to ensure the lid is fully seated and flush.
