Fresh & Ready Foods is voluntarily recalling some ready-to-eat sandwiches and snack items sold in Arizona, California, Nevada and Washington. This voluntary recall is being initiated due to possible contamination with *Listeria monocytogenes*.

This voluntary recall is specifically limited to the products with a “Use By” date of 05/11/25.

If you still have any product remaining, do not consume. Please return it to Costco for a full refund.

This issue was identified through environmental monitoring conducted by the FDA during a site inspection, which resulted in a positive finding for *Listeria monocytogenes* on a piece of equipment. Fresh & Ready Foods has taken immediate corrective actions including removing equipment to address this issue to ensure ongoing food safety and compliance with FDA guidance.

Listeria monocytogenes is an organism that can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems. Although healthy individuals may suffer only short-term symptoms such as high fever, severe headache, stiffness, nausea, abdominal pain and diarrhea, a *Listeria monocytogenes* infection can cause miscarriages and stillbirths among pregnant women.

While no illnesses have been reported related to the specific products distributed between 04/18/2025 and 04/28/2025 this action is being taken as a precautionary measure to ensure the continued safety of our consumers.

If you have questions, please direct them to the Recall Hotline at 1-855-424-8390 (Monday – Friday, 8:00 AM – 6:00 PM EST) or RecallConcern@HotLineGlobal.com

We apologize for any inconvenience this recall may have caused.

Sincerely,

Fresh & Ready Foods
