

EVERY WAVE STARTS WITH A RIPPLE

Heighten your sense of audio immersion with the AX700 Soundbar with Wireless Subwoofer and rear speakers. With 5.1.4 channels of powerful sound across all speakers array with Dolby Atmos technology, the AX700 fills a room with sound that seemingly flows all around you. Equalization presets including Movie /Music /News /Night /Sport /Game /Night mode, optimize sound specifically to the content or time of day. Multiple connection options including HDMI eARC and Bluetooth make elevating your TV's audio performance plug-and-play.

5.1.4 channels

With up-firing and surround speakers plus a powerful subwoofer, this soundbar combo fills the room with powerful, distortion-free sound.

Dolby Atmos Sound

Featuring Dolby Atmos technology, this system generates sound that seemingly flows from all around you, heightening your sense of immersion.

4K HDR Pass Thru

Great audio doesn't mean much without video to match. The built-in Pass-Thru technology ensures there are no sacrifices to 4K or HDR video so you can enjoy a premium AV experience.

Powerful Bass

Feel the thunderous booming of deep, rich bass down to 50Hz. The compact subwoofer can be placed out of sight thanks to its wireless connection to the soundbar.

Quick Touch EQ Modes

Get the best audio performance from music, movies, and news with a simple touch of the remote with seven EQ presets.

Wireless Music Streaming

Enjoy your favorite music, podcasts, and more directly from your soundbar with ease with built-in Bluetooth technology.

One Cable Simplicity

With HDMI eARC support, the soundbar connects to your TV through a single HDMI cable. Just one wire carries high-quality audio from your TV to the soundbar while also enabling you to control all compatible devices with one remote.

Minimalist Design

Beautifully crafted with rounded corners, black matte finish, horizontal mesh, and a low-profile chassis, the AX700 pairs perfectly with any free-standing or wall-mounted TV.
