

10/30/2025

Dear Costco Member,

Costco records indicate that you, or one of your add-on members, have purchased Item 2475 Yellow Peaches between September 25, 2025 and October 22, 2025.

Moonlight Companies is voluntarily recalling select lots of California-grown conventional yellow peaches with pack dates between September 16, 2025 and October 18, 2025 because they have the potential to be contaminated with *Listeria monocytogenes*.

No illnesses have been reported to date.

The pack date can be found on the sticker on one side of the box, as pictured below.

Listeria monocytogenes can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems. Although healthy individuals may suffer only short-term symptoms such as high fever, severe headache, stiffness, nausea, abdominal pain and diarrhea, *Listeria* infection can cause miscarriages and stillbirths among pregnant women.

If you have any of this product remaining, do not consume; please return it to Costco for a full refund.

Please call Moonlight Companies at 855-215-5017 (Monday – Friday from 8 am – 5 pm Eastern Time) if you have any issues or concerns.

Thank you.

Moonlight Companies
