With this announcement, the hardware is being replaced/removed by the indicated dates. Where applicable, we encourage you to consider transitioning to the newer hardware as part of a long-term technology strategy.

For more detail about of the product codes (P/Ns) impacted please consider the Product Mapping list hereunder.

If you have any questions on the **End of Life Notice** for Unitech EA630Plus please reach out to your Sales, Professional Services or Solutions Manager representative at srs.solmgt.eol@jci.com.

Product Mapping	
Impacted Product P/N	Description
1400-900057G	EA630PLUS SPARE BATTERY
3210-900023G	EA630PLUS BOOT CASE
5000-900072G	EA630PLUS SNGLE CHARGING BASE
5500-900094G	EA630PLUS UHF RFID GUN GRP
5500-900095G	EA630PLUS UHF RFIDGUN GRP EU
EA630-HALFRMDG	EA630PLUS RUGGED SMARTPHONE
EA630-HALFRMDGZ3	EA630 PDA SVC 3YR 5DAY REPAIR
EA630-HALFUM3G	EA630PLUS RUGGED SMARTPHONE
RG630-5900094GZ3	EA630 RFID SVC 3YR5DAY REPAIR

What does End of Sale Mean?

Once the End of Sale date is reached, this hardware product will no longer be available for purchase. Existing customers may continue to receive technical support and maintenance as outlined in their support agreements until the specified End of Support or End of Life date.

What does End of Support mean?

After the End of Support date, no further engineering updates, firmware enhancements, or bug fixes will be provided for the device. Certification that ensured compatibility and performance with the application will no longer apply, meaning the hardware may not operate optimally with future app updates. Although the device may continue to function, users are advised to plan its replacement to avoid compatibility and performance issues as technology, software and standards evolve.

What does End of Life mean?

This means that once the End of Life date for a hardware device is reached, Sensormatic Solutions will permanently withdraw all support, including technical assistance and customer service. Additionally, any certification for compatibility with the application will no longer be valid, meaning the device may face performance or compatibility issues with future software updates. Customers are strongly advised to transition to newer hardware solutions to ensure ongoing reliability and application compatibility.
