### Railway Carriage

#### Fire Ratings

- Upholstery fabric is selected from approved contract-quality ranges with a minimum Martindale abrasion resistance of 45,000 rubs.
- Fabric and foam used are suitable for non-domestic seating applications, providing appropriate durability, safety, and ignition resistance consistent with the intended end-use environment. All materials demonstrate resistance to wear, pilling, and deformation under normal commercial use conditions.
- Levels of ignition resistance and fire performance are determined based on the fire risk associated with the installation environment, and the supplier confirms that all materials used comply with the project's safety and performance requirements.

#### Lifting

Product must be handled by 2 operatives.

#### General safety

- All maintenance and repair tasks must be performed by appropriately qualified and authorised technicians.
- Only use tools that are appropriate for these tasks.
- For longer periods of absence or if there is a thunderstorm, unplug the power supply cable from the power outlet to avoid damage due to grid-related over-voltage.

#### Weights

- 2 Person Open Back Flat Roof with Spotlight: 584 lbs
- 4 Person Open Back Flat Roof with Spotlight: 794 lbs
- 2 Person Upholstered Back Flat Roof with Spotlight: 765 lbs
