A MATTER OF SHAPE AND STYLE

Surimi seafood comes in an exciting variety of shapes and textures. There's sure to be one that's right for your menu, and another to spark your imagination.

FLAKE STYLE

Considered the most versatile shape, flake style surimi can be used whole for a firm bite, partially shredded for the sweet spot of flavor and texture, and are easily hand-shredded to replicate real crab meat. Great for cold salads, crab cakes, and hot or cold pasta dishes.

**CHUNK
STYLE**

A durable, bite-size shape, Chunks are ideal for recipes wanting a firm morsel of flavor — like soups and bisques, or appetizers and skewers.

**SALAD STYLE
(FLAKE + CHUNK)**

Our most popular shape, a mix of shreddable flakes for flavor and volume, and firm chunks for authentic bite. Great for salads, pastas, wraps, seafood rolls, ceviche, and dips.

**SHRED STYLE
(REGULAR + SUPER)**

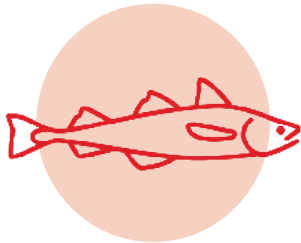

The preferred form for California rolls, this style also performs beautifully as an extender when blended with shellfish. Great for sushi, pizza, stuffings, crab cakes, appetizers, shreds and dips.

**WHOLE LEG
STYLE**

Also great for California rolls, mimicking the shape and texture of real king crab merus meat, this popular style is a finger-food selection that's perfect for dipping and delivers a firm bite. Great for dips and fondue.
