WILD ALASKA POLLOCK

Wild Alaska Pollock is a cousin to cod, sharing its lean, snow-white meat, delicate texture and mild taste. Not to be confused with the darker, oilier Atlantic variety, it's one of the healthiest and most versatile seafood choices available.

WILD ALASKA SALMON

Wild-caught in the icy-cold, crystal-clear waters off Alaska's rugged coast, Trident's certified-sustainable Wild Alaska Pink and Keta Salmon thrive on a natural diet in a pristine environment. This results in their exceptional flavor, firm texture, and beautiful color.
