KING CRAB

Our versatile King Crab is a seafood menu star and since it's fully cooked, requires little prep or labor. Available in whole or window-cut legs, you can serve it broiled, grilled, steamed or sautéed as an appetizer, salad or an entrée. For a simple entrée, serve with a Pine Nut Butter or a Black Bean Sauce. Or shell it and sauté with butter, garlic and angel hair pasta. For a winning entrée, serve with filet mignon or New York strip steak for a classic and well-loved surf & turf option.
