SAUCE IT. TOSS IT. SERVE IT YOUR WAY.

A crispy, bite-sized, flavor-flexible protein made from sustainable Wild Alaska Pollock — built for bold menus and busy kitchens. Its neutral-savory battered coating delivers craveable texture and flavor on its own or can be easily elevated with a wide range of sauces, making it ideal for global flavor profiles, seasonal LTOs, and customizable menu builds.

Whether tossed in tangy buffalo sauce for a boneless fish wing, glazed in a sweet orange sauce for an Asian-inspired bowl, or coated in masala for an Indian-inspired plate, this nugget adapts across cuisines and formats. It holds its crispy texture even when sauced and hot-held — perfect for dine-in, takeout, and delivery.

WILD ALASKA POLLOCK

Wild Alaska Pollock is a cousin to cod, sharing its lean, snow-white meat, delicate texture and mild taste. Not to be confused with the darker, oilier Atlantic variety, it's one of the healthiest and most versatile seafood choices available.
