### **CAREFULLY PORTION CONTROLLED**

Precise portion sizes and consistent presentation

### **STAYS CRISP OVER TIME**

Excellent performance even with extended holding times

### **HAND-BATTERED APPEARANCE**

Hand-cut fillets with crispy, textured coating

# FOUR SPECIES OF SEAFOOD

## WILD ALASKA COD

Wild Alaska Cod (also known as Pacific Cod) is a large, lean whitefish with a sweet flavor, delicate texture and a melt-in-your-mouth flake. It's an excellent source of high-quality protein and perfectly suited for a wide variety of menu applications.

## WILD ALASKA POLLOCK

Wild Alaska Pollock is a cousin to cod, sharing its lean, snow-white meat, delicate texture and mild taste. Not to be confused with the darker, oilier Atlantic variety, it's one of the healthiest and most versatile seafood choices available.

## HADDOCK

Haddock is a premium Atlantic species preferred by many whitefish aficionados. Snow white, firm, and sweet, its delicate flavor and meaty texture adds intrigue and variety to any menu.

## WHITE SHRIMP

One of the most popular shrimp species in the world, white shrimp has a clean, mild flavor and firm texture that works well in our Golden Ale beer batter.

### DID YOU KNOW?

## WILD + ALASKA

Is the *magic combination* for driving purchase.
