

Rapid Deployment

Order and install in weeks. Not Months.

Field Adaptable

Faster Deployment

Smarter Robust Design

The Next Evolution of Loading Access

SMART MODULAR DESIGN. UPGRADE WITH EASE. The new GXm is built on a redesigned, modular U-body foundation that delivers more flexibility, easier maintenance, lower ambient operating temperatures with less downtime.

Every element of GXm—from the new modular top rail to the stronger seatainer and fully equipped powered package options delivers the strongest, most ergonomic and reliable gangway - period. Helping your facility maximize throughput and ensure operator safety every day.

Features

- Made in the USA
- Rapid deployment
- Easy power upgrade
- Longest service life in industry
- Smarter modular construction

The new GXm's modular design is smarter, stronger and more robust to reduce downtime, simplify upgrades and create a safer more productive loading environment.

Redesigned
Modular Top Rail - easily
Interchangeable handle
and rail styles to match
your specific use.

Redesigned with a robust,
fully adjustable seatainer
to allow various cage sizes
with minimal deflection.

Available **Powered Actuated
System** for effortless operation.
With manual override in case of
power loss.

GXm Powered System

FIELD-READY AND FLEXIBLE

- **Easy field-upgrade**
From spring to powered system
- **Push-button controls**
With bright signal lighting for clear status indication
- **Easy Maintenance**
Enclosure mounts topside for easy access and maintenance
- **Manual Override**
In case of power loss for minimal downtime

GXm POWER SPECS

120V ELECTRIC

single-phase, 30-amp circuit required

PNEUMATIC

clean, dry air at 80 psi, 32 scfm min.

AMBIENT OPERATING TEMPERATURE

10° - 104°

STANDARD SPRING VERSION

Redesigned with a standard, robust, fully
adjustable **Spring Counterbalance Assist**.
Easily upgraded to power in the field.

Safety cages available for all loading applications

2-RAIL SAFETY CAGE	4-RAIL SAFETY CAGE	ISO CONTAINER CAGE	SUPERMAXX SAFETY CAGE	FRACSAND CAGE
