

Upside Innovations Experts in ADA compliant access ramps and stairs

Ramp, stair & canopy systems

We manufacture and install covered walkways, canopy systems, ramps, stairs, and metal awnings to keep your industrial and commercial entryways safe, dry, and compliant. We're experts in compliance so you can be sure your installation will meet or exceed regulatory requirements. Our engineers design our aluminum ramps in modular, prefabricated sections so you can be sure installation will be fast and simple.

APEX SYSTEM
UPSIDE INNOVATIONS

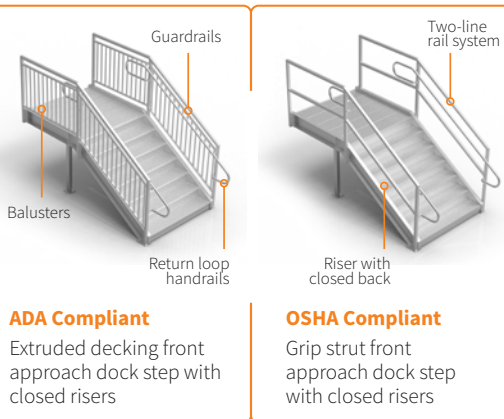

Upside Innovations Precision-built loading dock steps

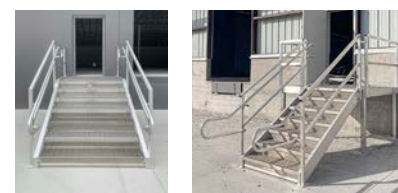

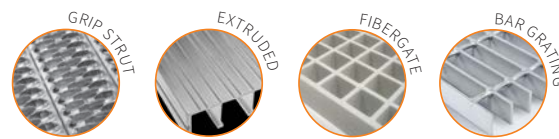

Available in both IBC and OSHA compliant models.

Our OSHA and IBC-compliant stairs allow safe access in, out, and around loading docks to keep operations smooth and efficient. Guardrails and two-line system handrails are designed complete with 12" loops and returns as well as closed risers.

DOCK STEP
UPSIDE INNOVATIONS

Multiple surface options to choose from:

Upside Innovations Fully adjustable, ALWAYS COMPLIANT

Our aluminum steps are perfect for use in accessing mobile offices, portable classrooms, and construction trailers. Fully-adjustable with consistent rise and run, our stair systems are always OSHA compliant.

OMNI STEP
UPSIDE INNOVATIONS

Orientation options:

Adjustable size options:
21" - 26" | 28" - 35" | 35" - 44" | 42" - 52"

From unsafe crossover

Custom Fabrication vs. ERECTA STEP Modular Stairs

Go from unsafe to safe without costly fabrication

Check with a representative for CE course availability and training

	CUSTOM FABRICATION	ERECTA STEP
Instant design estimates	Could take up to 2 weeks or more	Instant with iPad configurator
Pre-engineered	Needs engineering, adds considerable cost and time	Pre-engineered, and OSHA compliant
Fast lead time	Could take up to 6 weeks	All components are in stock and ready to ship
Fast and easy installation	Could take several days or more	Takes less than a day in most cases

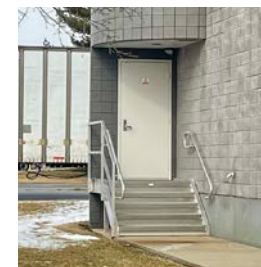

Our proprietary configurator software brings our products to life right before your eyes!

To safe access

UPSIDE INNOVATIONS

RollAStep

Mobile Work Platforms and Stairs
4 Models to fit any access need

YellowGate XL

Barrier and dock gate
Adjustable from 6 to 12' and 42" in height
