

5 COMPONENTS UNLIMITED CONFIGURATIONS

Faster and easier than custom fabrication

Precision Manufactured Metal Stairs and Platforms

ErectaStep quickly configures to gain safe access for maintenance and crossover applications for pipes, dike walls and other obstructions. Three platforms together provide up to 9' of linear clearance, without a tower support required.

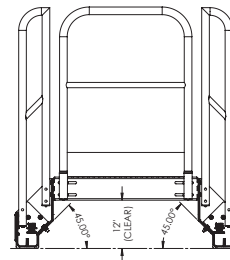

Pre-engineered and OSHA compliant. No fabrication required.

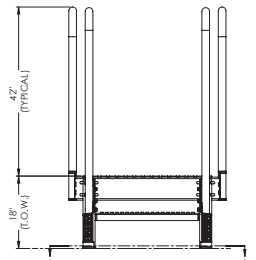

Bolts together and assembles in minutes

No welding, hot permits, fabrication, or cranes required to install any configuration.
