## Automated Mailing & Bagging

### Sharp MaxPro 24 Material Neutral Bagger

The Pregis Sharp™ MaxPro Series delivers the speed, flexibility and operational simplicity e-commerce fulfillment demands with high-throughput bagging, seamless material switching, easy integration and an operator-friendly interface built for peak seasons and beyond.

- **Material Neutrality:** Compatible with both poly and paper mailers to adapt to customer preferences and sustainability goals
- **Operator-Friendly:** Intuitive HMI design reduces training time and boosts operator confidence
- **Integrated Accuracy:** Built-in Zebra printer and WMS connectivity deliver fast, accurate shipping label output
- **Minimal Downtime:** Toolless job and material changeovers at the press of a button keep operations moving

### Powering Performance In High-Volume Fulfillment Across:

- 3PL
- Apparel
- Beauty
- Footwear
- Home Goods
- Medical Accessories
- Nutraceuticals
- Pet Supplies
- Retail Products

**4X** the output of manual packing

**ROI** achieved in as little as **9** months

The widest mailer width compatibility available on the market

**Seamless material changeovers with the press of a button**

Compatible with Pregis EverTec® Automated Mailers

**Need replacement parts for your Sharp MaxPro Bagger Series?**
