Pregis

AirSpeed® ChamberPak®

On-Demand Packaging System

This innovative, efficient packaging solution provides on-demand cushioning by inflating a series of tubes with patented one-way valves – if one air chamber is punctured, the others remain inflated. Pregis AirSpeed® ChamberPak® increases productivity while reducing labor, material, storage, and shipping costs due to product damage.

Superior Protection

- Proven performance against shock and vibration with ISTA testing
- Barrier film provides superior air retention and increased puncture resistance

Space Savings

- Ships and stores flat, inflates on-demand

Reduces Waste

- Superior protection reduces product damage – the single biggest environmental factor

Protects Bottom Line

- Damage and replacement costs
- Reduces DIM weight and shipping costs
- Space savings, reduce warehouse and handling costs

Versatile

- Packaging engineers can create, test and validate custom designs
- Protects a variety of products and industries

Industries and Applications

- Wine and beverage
- Electronics and refurbishments
- Automotive aftermarket
- Cosmetics and pharmaceuticals

Wine bottles & food jars

TVs & large electronics

Laptops & small electronics

Wrappable items

ChamberPak Inflation Options

9091900
Express Auto-Inflator

Load and inflate up to 25 ChamberPak cushions in under a minute. Ideal for high volume applications requiring the highest level of protective cushioning. Requires independent air supply.

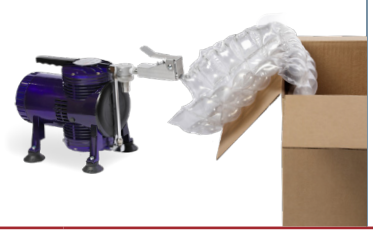

9091981
Table-Mounted Pulse Inflator

Compact inflation unit gauges needed pressure, opens inflation valve and fills the bag in seconds. It clamps onto any tabletop. Requires independent air supply.

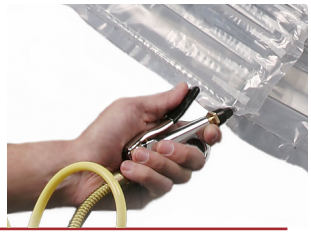

9090547
Universal Tabletop Inflator

Tabletop air compressor with inflation gauge ensures optimal inflation of each ChamberPak cushion.

9090575
Manual Kit

Inflator, regulator, nozzle, hose with universal connector. Requires independent air supply.

- All stock items shown above are made with commercial grade nylon barrier film.
- Custom items available. Call for minimums, lead times, and custom quote.
- This product can be combined with other Pregis products to meet truck load quantities.
