

Pregis

Bumper Guard

For years Pregis has been providing some of the world's largest car manufacturers with a wide array of effective bumper protection, including: cushioning, abrasion/puncture resistance, and much more.

As a result, Bumper Guard is able to offer the best all-around protection for your automotive business challenges – from OEM to aftermarket.

We've designed products that meet your specific needs

Bumper Guard Astro-Cell®

Materials: Polyethylene film laminated to a layer of polyethylene bubble

Description: A base layer of bubble and a film laminate provide **cost-effective strength and durability**, while offering **light cushioning** and **puncture/abrasion resistance**.

Bumper Guard Astro-Foam®

Materials: Woven polyethylene scrim laminated to a layer of polyethylene sheet foam

Description: A combination of a foam base layer and woven material laminate provide **maximum cushioning** with **enhanced puncture/abrasion protection**.

Protective Packaging Forms

Wrap

- On-demand solution that is sheeted to size onsite for a more tailored fit
- Manual wrapping allows for the bumper to be more tightly wound and secured in place

Bag

- Bumpers can be packed more efficiently through this ready-to-use solution that ultimately reduces labor
- A convenient sealable bag allows for easy containment

Products worth protecting deserve Pregis
