

Pregis

Automated Mailing & Bagging

Sharp Lynx 18 Hybrid Baggers

Tight on floor space? No forced air? No problem. The Lynx is ready to run.

The Pregis Sharp™ Lynx 18 is purpose-built for high-pressure ecommerce fulfillment operations, combining a compact, all-electric design with material flexibility to deliver the agility needed to keep orders moving in fast-changing environments.

- **Maximum Throughput:** Easy-to-train, easy-to-use system built to deliver up to 4x the output of manual pack processes
- **Compact Efficiency:** Small footprint maximizes output while preserving valuable floor space, enabling bagging in tight or complex layouts
- **All-Electric Agility:** No compressed air required, allows for flexible placement, easy relocation and use across inbound and outbound operation
- **Material Versatility:** Seamlessly runs both paper and poly mailers to support evolving sustainability targets and customer requirements

Agile Design. Intuitive Operation.
