

Pregis

Advanced Automated Solutions

Pregis Sharp® InfinX Rightsized Mailing

Pregis Sharp® InfinX produces rightsized paper, poly and cushioned mailers on demand, reducing packaging costs while simplifying fulfillment complexity. A single platform efficiently handles broad SKU mixes, changing order profiles and multi-item shipments. Purpose-built for integration into new or existing operations and backed by the power of the Pregis partnership.

Standout Strengths

- **Dynamic Rightsizing:** Creates mailers sized to each order, reducing excess material usage and shipping dimensional weight costs
- **Recipe-Driven Material Changes:** Compatible with paper, poly and bubble materials to match order requirements
- **Automatic Fault Management:** Detects and clears common jams, minimizing downtime and maintaining production flow
- **Maintenance-Forward Design:** Split-frame architecture provides direct access to key components, reducing service time and simplifying maintenance tasks.
- **Pregis Performance Partnership:** Includes site assessment, integration support, operational reviews and ongoing optimization to maximize system performance and minimize ROI payback time

Ideal For:

Apparel	Electronics	Toys
Beauty	Home Goods	Wellness
Books	Pet Supplies	

Material Savings
Freight Savings
Labor Savings

Precision Rightsizing

Maximum Throughput

Material Flexibility

Cost Savings

Pregis Sharp® InfinX Rightsized Mailing

Machine Specifications

Dimensions (WxLxH)	62" x 71" x 110"
Weight	3000 lbs
Insertion Window (WxHxD)	5" x 8.75" x 15"
Power	208-240V, 7300-8400W
Air	90psi, 6scfm
Operating Temperature	32-104°F
Humidity	10-90 %RH, Non-Condensing

Mailer Specifications

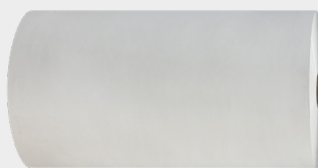

Maximum Mailer Width	15"
Maximum Mailer Length	18"
Minimum Mailer Length	9.5"
Compatible Materials	Paper, Poly, Bubble

Printer Module Specifications

Printer Module Type	Zebra Integrated Thermal Printer
Print Resolution	203/300 DPI

EverTec Non-Cushioned INX Roll
Curbside recyclable kraft paper

Poly Lite Non-Cushioned INX Roll
Recycled content poly durability

Poly Lite Cushioned INX Roll
Bubble poly protection

End-to-End Automation Support

From site assessment through integration and ongoing optimization, we ensure your investment delivers the performance to take your operations to the next level.
