## Automated Mailing & Bagging

### Sharp SX Tabletop Bagger

Pregis Sharp™ SX bagging system offers a simple, scalable path to automated kitting and packing. Its portable frame delivers reliable performance in a compact, all-electric design that is ideal for labor and space-constrained operations.

- **Compact and Portable:** Smallest footprint in the Pregis Sharp™ lineup with easy repositioning across operations
- **All-Electric, Plug In-and-Pack Design:** Eliminates the need for compressed air for flexible deployment
- **Entry-Level Automation Solution:** Ideal for operations introducing automated bagging for the first time
- **Operator-Friendly:** Simple to set up, quick to train for fast-growing fulfillment environments

### The Sharp SX delivers versatility across diverse bagging applications:

**Inbound Kitting Bags**

**Retail Bags**

**Ecommerce Outbound Mailers**

### Transforming Throughput Across:

- 3PL
- Medical Accessories
- Small Parts
- Hardware
- Nutraceuticals
- Small Retail
- Injection Molding

**4X** the output of manual packing

ROI achieved in as little as **6** months

**Need replacement parts for your Sharp SX bagger?**  
We'll help you get back up and running in no time.
