

Pregis Easypack® Packmaster™ Pro

On Demand Paper System

Pregis Easypack® Packmaster™ Pro is an advanced on-demand paper cushioning system. Its range of lightweight, robust paper cushions and coils are easily molded around any product delivering maximum protection.

This sustainable packaging solution is great for reducing dimensional weight when shipping heavy or valuable items in medium to large boxes.

BENEFITS

SUSTAINABLE

- FSC-certified recycled 100% recycled paper

PACKER CENTRIC

- Load and go in under 30 seconds to maximize productivity
