

# Pregis

## AirSpeed® Mini Pak'r™

Void-fill and light cushioning solution

Ideal for ship-from-store and small businesses, Pregis AirSpeed® Mini Pak'r™ is a simple to operate, versatile on-demand air system.

### Save Time

- **Rapid inflation:** Dozens of air cushions per minute
- **Smart logic:** Auto-adjusts machine settings for optimal results
- **Maximize uptime:** No wearable parts, less maintenance and more packing

### Save Space

- **Save workspace:** Replace bulky bubble rolls/packing peanuts
- **Compact design:** Small, portable unit
- **Reduce storage:** 1 quilt roll = 2-6 traditional bubble bundles

### Save Money

- **One machine, multiple solutions:** Double cushion, quilt, and supertube options
- **Protect products:** Air transfer technology reduces damage claims

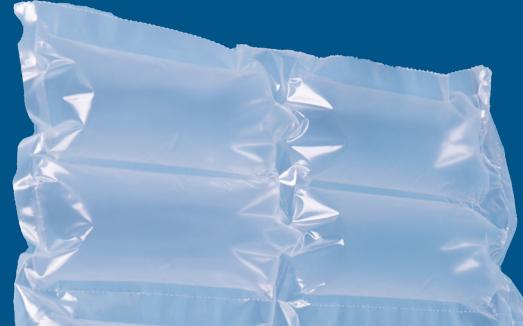

### Accessories

- **Extension Arm:** Required for Quilt WIDE Medium film
- **Wall Mount Kit:** Maximize space

### Service
