Pregis
Automated Mailing & Bagging

Sharp SX Tabletop Bagger

The Pregis Sharp™ bagging system offers a simple, scalable path to automated kitting and packing. Its portable frame delivers reliable performance in a compact, all-electric design that is ideal for labour and space-constrained operations.

- **Compact and Portable:** Smallest footprint in the Pregis Sharp™ lineup with easy repositioning across operations
- **All-Electric, Plug In-and-Pack Design:** Eliminates the need for compressed air for flexible deployment
- **Entry-Level Automation Solution:** Ideal for operations introducing automated bagging for the first time
- **Operator-Friendly:** Simple to set up, quick to train for fast-growing fulfillment environments

The Sharp SX delivers versatility across diverse bagging applications:

Inbound Kitting Bags

Retail Bags

Ecommerce Outbound Mailers

4X the output of manual packing

ROI achieved in as little as 6 months

Transforming Throughput Across:

- 3PL
- Hardware
- Injection Moulding
- Medical Accessories
- Nutraceuticals
- Small Parts
- Small Retail
