Pregis
EasyPack® GeoTerra®
Auto Dispenser

The new Pregis Easypack® GeoTerra® automated dispenser delivers faster, more efficient paper-based wrapping for light cushioning and interleaving protection. It is ideal for brands seeking to safeguard products with a curbside recyclable solution. Enhance the unboxing experience with GeoTerra.

BENEFITS

Product Protection
- Dispense GeoTerra to activate the interlocking pattern for light cushioning
- Nests together securely locking products in place without tape
- Auto-expanding pattern ensures consistent tension for uniform protection

Sustainable Packaging
- Curbside-recyclable, paper-based wrapping solution

Enhanced Productivity
- Boosts productivity with rapid wrapping capabilities
- Adjustable speed and foot pedal enables seamless operation

Packer-Centric Design
- Compact design and flexible configurations maximize workstation space

Customer Experience
- Unboxing that WOWs! Aesthetic design leaves a lasting impression
