

# Pregis

## IntelliPack® Inspyre™ Film

### Packaging with Purpose

Pregis IntelliPack® Foam-in-Place Inspyre™ film does more than protect products—it empowers brands to make a meaningful impact. As part of 1% for the Planet, every purchase supports the Uzima Clean Water Mission, bringing life-changing clean water access to communities in need.

### Every Package Tells A Story

With Inspyre packaging, every shipment becomes a way to reflect your brand's values—demonstrating purpose, building loyalty, and providing a measurable impact.

### Protect Your Products

- Pregis IntelliPack on-demand foam in place systems' intuitive design & responsive controls streamline consistent packaging
- Cushioning and block and brace protection ideal for fragile and heavy items
- Custom-fit protection minimizes damage and returns, enhancing operational efficiency and sustainability

### Drive Measurable Impact

- 1% of Inspyre™ sales support Uzima Clean Water Mission
- Supports CSR and ESG initiatives through verified, trackable giving

### Elevate Customer Experience

- Reinforce shared values, helping build deeper trust and long-term loyalty
- Transforms each shipment into a powerful brand storytelling opportunity, forging meaningful connections

### Did you know?

- 1 in 4 people worldwide lack access to clean **drinking** water
- 443 million school days lost a year due to waterborne illness
- Time, education, women's empowerment, and cyclical poverty are all tied to a lack of clean drinking water

### Inspyre Impact

- Uzima Filters remove 99.9999% of waterborne bacteria
- 1 filter provides clean water for up to 10 years
- Women are empowered to build better lives, freed from the burden of water collection.

### About Uzima

The Uzima Clean Water Mission is a nonprofit that helps provide clean water to communities across the world with a water filtration system. By using Uzima's filters people are able to collect contaminated water and turn it into clean, potable water.
