

Mailer-Box

Simple Self-Sealing
Corrugated Shipper

Sharp®

Save time, save money and boost operational efficiency with Mailer-Box

Mailer-Box is a self-sealing corrugated shipper that offers more protection than standard mailers without the cost and set up time of boxes. Mailer-Box features a cohesive coating that helps lock the contents safely inside while the corrugated scoring creates a package profile for bend and crush resistance.

How to make a Mailer-Box:

Center Product

Fold Over

Align Edges

Run Through Sealing Tool

Customer experience

Easy to use

Save time, save money

Features:

- Enhanced protection with puncture resistance
- Easy open tear strip for improved customer experience
